

Pool Rules & Itinerary: No Glass!

Vests must be put on outside the gate and kept on at all times in pool area.

To get started:

Pool Waiver: All swimmers need a signed pool waiver-put everyone, including all adults & extended family, on one sheet-forms up front. Any friends and relations you bring need one too.

Attire: All children need swim bottoms & a rash guard. No one piece suits.

Swim diapers must be worn by non toilet trained children.

Bring snacks, water bottles & towels.

Sunscreen with a minimum of 4% zinc oxide or titanium dioxide & highly water resistant: Apply at least 30 minutes before entering pool, so that it will absorb and work properly and not wash off causing pool slime

Swimmers pass a swim test of swimming 2 lengths of the pool easily, without touching the bottom or sides.

Non swimmers wear a vest **at all times**.

We walk only on the grass, not on the concrete pool deck.

Jumpers and divers use the marked area at the deep end only, toes over the edge during jump time when spotted by an adult.

We are gentle in our water play.

We keep our hands to ourselves.

There is splash time (splashing not at others) once an hour followed by adults only swim.

All campers get out of the pool the first time asked.

Towels laid out on grass only.

Non swimmers may lay on deck @ shallow end only.

Swimmers may lay on deck at deep end.

Adults on pool duty always position selves, both in and out of the pool, where you can see the entire pool and watch the children at all times.

Itinerary

1:30 Bathroom visits, all sunscreensed.

2:00 PUT ON AND SECURE VESTS OUTSIDE THE GATE, lunches/water bottles, snacks & towels lined up on sidewalk, including those of pool duty adults. Shoes are left on patio.

Visitors do bathroom visits before entering pool area. There is a porta-potty for urine only for the kids in the pagoda (entry to the pool).

2:30 Enter pool area. Water bottles & lunches on shelf in pagoda. Drop towels off on the grass. Children line up at fence. Adults choose chair. Everyone sits and grounds self.

Adults jump/dive in & swim to shallow end, one at a time to get wet, if desired.
